

Graded Study Block Proficiency Rubric

English-only practice: engagement, behavior, and language use

EMERGING

Major behavior issues prevent productive study and English practice.

- Sleeps or rests head on desk during study time
- Refuses to speak English after reminders; misses practice opportunities
- Uses AI in native language instead of practicing English communication
- Completely off-task: gaming, social media, or unrelated activities

PROFICIENT

Stays on task and communicates in English with minor lapses.

- Uses English for all communication; rare single-word slips only
- Stays focused on study materials throughout the block
- Maintains appropriate volume; does not disturb others
- Uses AI appropriately in English to support learning

DEVELOPING

Needs frequent reminders to stay on task and use English.

- Sometimes slips into native language; switches to English when reminded
- Sometimes off-task but returns to work when prompted
- Volume too loud; disrupts nearby students
- Uses AI but makes some effort to practice English communication

EXTENDING

Fully engaged; models excellent English communication for peers.

- Speaks only English; encourages classmates to use English too
- Actively engaged: asking questions, helping peers, practicing skills
- Works quietly and productively; contributes to positive atmosphere
- Uses English to explain concepts to classmates who need help

Note: Everyone starts at 100%. Points are deducted for off-task behavior, excessive noise, not practicing English, sleeping, or misusing AI. Use English for all communication.
